

TEST - Mock Service Agreement

Joy Health • sample wording for trying signatures • not an agreement

CLIENT NAME _____ DATE OF BIRTH _____

ADDRESS _____

PHONE _____ MR # _____ START OF CARE _____

THIS IS A TEST DOCUMENT. It exists so the office can try asking for a signature and see what the family sees. It is not an agreement and creates no obligation for anyone.

1. Parties. This sample names a home care agency ("the agency") and a client or the person who signs for them ("the client").

2. Services. The agency would provide non-medical personal care on the days and hours agreed in the plan of care, delivered by trained caregivers. Tick the services that apply:

☐ Personal care ☐ Companionship ☐ Light housekeeping ☐ Respite

3. Rates and billing. Sample rates would be stated here, with billing weekly in arrears and payment due on receipt of the invoice.

4. Changes and cancellation. Either side could change or end the arrangement with reasonable notice, as the plan of care and agency policy describe.

5. Signing. Signing below would confirm the client has read this document and agrees to it. In this test nothing is stamped onto a file and nobody is notified. Joy records only the typed name and the time.
